

The Lab Pros

Analytical Laboratory for the Texas Wine Industry

Chemical Analysis. 50mL sample required

Brix	\$	17.00
pH	\$	14.00
Titratable acidity (TA)	\$	14.00
pH/TA Combo	\$	17.00
Acetic acid	\$	17.00
Volatile acidity (VA)	\$	17.00
Alcohol	\$	17.00
Malic acid (ML)	\$	17.00
Glucose/fructose (Glu/Fru)	\$	17.00
Free sulphur (FSO2)	\$	17.00
Total sulphur (TSO2)	\$	17.00
Turbidity	\$	17.00
Yeast Assimilable Nitrogen (YAN)	\$	34.00

Microbial Analysis. 50mL sample required

Brettanomyces	\$	60.00
Yeast Viability	\$	45.00

Consulting.

Vineyard Management
Quality Control
Wine Production
Chemical Analysis Comprehension
Problem Fermentations
Additions
Improving Overall Wine Quality

Bench Trials. 750mL sample required

Heat Stability Check	\$	17.00
Heat Stability/Bentonite	\$	75.00
Copper	\$	75.00
Acid	\$	75.00
Tannin	\$	75.00
Custom Trial	\$	75.00

Panels Offered. 50mL sample required

Wine Panel	pH, TA, FSO2, TSO2, VA	\$	54.00
Harvest Panel	Brix, pH, TA	\$	17.00

Full Bottle Analysis. 100mL sample required \$95

pH, TA, FSO2, TSO2, VA, Alcohol, Glu/Fru, ML

*custom analysis and consulting available, contact The Lab Pros for more information.
